1. INSTITUTIONAL OVERVIEW

Blessing Institute of Professional Studies (BIPS Technical College) is a private Technical and Vocational Education and Training (TVET) institution committed to providing accessible, affordable, practical and industry-relevant education.

BIPS provides technical, vocational, professional and skills-based training designed to equip learners with practical competencies for employment, self-employment, further education and personal development.

The institution serves school leavers, youth, young adults, working adults, job seekers, entrepreneurs, professionals seeking additional skills and individuals seeking international employment opportunities.

BIPS combines theoretical learning with practical training, demonstrations, projects, mentorship, career guidance, industry exposure and community engagement.

2. OUR HISTORY AND BACKGROUND

Blessing Institute of Professional Studies was established in **2014 in Kangemi, Nairobi**, starting with a small number of students.

Over the years, BIPS has expanded its programmes, facilities, staff and student population. The institution has

developed from its original focus into a multidisciplinary training college offering technical, vocational, professional and employability-focused programmes.

BIPS continues to develop programmes that respond to the changing needs of learners, employers, businesses and communities.

The institution is committed to creating opportunities for people who want to gain practical skills, enter the employment market, start businesses or improve their existing professional capabilities.

3. OUR VISION

To be a leading centre of excellence in technical, vocational and professional education, producing competent, innovative, ethical and employable graduates who contribute positively to society and the economy.

4. OUR MISSION

To provide affordable, accessible, practical and industry-relevant education and skills training in a safe, inclusive and supportive environment, enabling learners to achieve their educational, career, employment and entrepreneurial goals.

5. OUR MOTTO

YOUR FUTURE IS BRIGHT WITH US

Our motto reflects our belief that education, practical skills, determination and opportunity can transform an individual's future.

6. OUR CORE VALUES

Integrity: We uphold honesty, transparency, responsibility and ethical conduct.

Professionalism: We encourage high standards of behaviour, discipline, competence and service.

Competence: We focus on practical knowledge and skills that learners can apply in real-life situations.

Respect: We promote respect for learners, staff, employers, partners, communities and society.

Innovation: We encourage creativity, problem-solving, technology and new ideas.

Inclusivity: We strive to create learning opportunities for people from diverse backgrounds.

Teamwork: We believe that collaboration promotes learning, growth and success.

Excellence: We continuously seek to improve our training, facilities, student experience and institutional performance.

Entrepreneurship: We encourage learners to transform skills into businesses, income-generating activities and employment opportunities.

Community Responsibility: We encourage students and staff to contribute positively to the communities in which we operate.

7. OUR OBJECTIVES

- Provide quality technical and vocational education.
- Equip learners with practical and employable skills.
- Promote entrepreneurship and self-employment.
- Prepare learners for the modern workplace.
- Provide affordable and accessible training.
- Support youth and adults in developing sustainable careers.
- Promote innovation and creativity.
- Encourage lifelong learning.
- Develop responsible and ethical professionals.
- Connect learners with industry and employment opportunities.
- Provide career guidance and mentorship.
- Promote community engagement.
- Support international employability preparation.
- Provide opportunities for continuous skills development.

8. OUR TRAINING PHILOSOPHY

At BIPS, we believe in **learning by doing**.

Our training combines classroom teaching with practical demonstrations, hands-on learning, projects, workshops, computer-based learning, industry exposure, educational visits, mentorship and entrepreneurship.

Our objective is to ensure that learners leave the institution with both **knowledge and practical competence**.

9. OUR ACADEMIC PROGRAMMES

BIPS offers a broad range of technical, vocational, professional and skills-development programmes.

Our main areas include:

- Cosmetology, Hair and Beauty
- Fashion and Design
- Hospitality Management
- ICT and Computer Studies
- Health Sciences
- Home Care and Caregiving
- Electrical Installation

- Plumbing
- Welding and Fabrication
- Motor Vehicle Mechanics
- Driving
- Business and Entrepreneurship
- International Languages
- Pre-departure Preparation
- Artisan and specialised short courses

The specific qualification level and examining body applicable to each programme are subject to the relevant approval and regulatory requirements.

10. COSMETOLOGY, HAIR AND BEAUTY

The department provides practical skills for learners interested in the beauty and personal-care industry. Programmes and areas include:

- Cosmetology
- Hairdressing
- Beauty Therapy
- Nail Technology
- Makeup
- Barbering
- Hair Braiding
- Weaving
- Natural Hair Care
- Salon Management
- Beauty and Personal Care
- Specialised Beauty Courses
- Training of Trainers (TOT)

The department prepares learners for employment and entrepreneurship.

11. FASHION AND DESIGN

The Fashion and Design Department develops creativity and technical garment-production skills.

Training areas include:

- Fashion Design
- Dressmaking
- Tailoring
- Garment Making
- Pattern Making
- Clothing Construction
- Sewing

- Fashion Illustration
- Textile-related skills
- Fashion Entrepreneurship
- Fashion Business
- Specialised fashion courses

12. HOSPITALITY MANAGEMENT

BIPS provides practical hospitality education for learners interested in hotels, restaurants, catering, events and related industries.

Training areas include:

- Hospitality Management
- Food and Beverage
- Food Production
- Catering
- Front Office Operations
- Housekeeping
- Customer Service
- Events Management
- Food Safety and Hygiene
- Hospitality Entrepreneurship

13. INFORMATION COMMUNICATION TECHNOLOGY – ICT

BIPS provides digital skills for students, professionals, entrepreneurs and job seekers.

Programmes include:

- ICT
- Computer Packages
- ICDL
- Digital Literacy
- Office Applications
- Word Processing
- Spreadsheets
- Presentation Software
- Internet and Email
- Digital Entrepreneurship
- ICT for Business
- Basic Computer Skills
- Digital Productivity

14. HEALTH SCIENCES

BIPS provides health-support and care-related programmes subject to the applicable regulatory and examining requirements.

Areas may include:

- Health Care Assistant programmes
- Caregiving
- Home Nursing
- Patient Care
- First Aid
- Basic Emergency Care
- Community Care
- Elderly Care
- Child Care
- Disability Support
- Health Support Services
- Paramedic-related programmes

The department emphasises safety, professionalism, compassion and practical care skills.

15. HOME CARE AND CAREGIVING

BIPS provides training for individuals interested in professional home-based care.

Training areas include:

- Home Care Management
- Caregiving
- Home Nursing
- Elderly Care
- Child Care
- Personal Care
- Patient Support
- Household Support
- Basic First Aid
- Hygiene and infection prevention
- Nutrition and wellbeing support
- Professional caregiver conduct

16. ELECTRICAL INSTALLATION

The Electrical Department develops practical skills for installation, maintenance and related technical work.

- Electrical Installation
- Electrical Maintenance
- Basic Electrical Skills
- Electrical Safety

- Electrical and Electronics-related skills
- Practical workshop skills

17. PLUMBING

The Plumbing Department provides practical training in water, sanitation and plumbing systems.

- Plumbing
- Plumbing Installation
- Plumbing Maintenance
- Water Systems
- Sanitation
- Pipework
- Practical plumbing workshop skills

18. WELDING AND FABRICATION

The Welding and Fabrication Department provides practical metalworking skills.

- Welding
- Fabrication
- Metal Work
- Workshop Practice
- Metal joining
- Basic fabrication projects
- Occupational safety

19. MOTOR VEHICLE MECHANICS

The Motor Vehicle Department prepares learners for practical automotive work.

- Motor Vehicle Mechanics
- Vehicle Maintenance
- Basic Automotive Skills
- Vehicle Servicing
- Workshop Practice
- Automotive safety
- Basic vehicle systems

20. DRIVING AND ROAD SAFETY

BIPS provides driving-related and road-safety training.

- Driving
- Defensive Driving
- Road Safety
- Driver Professional Development

- Basic Vehicle Knowledge
- Responsible Driving
- Road User Awareness

Where a programme requires a separate statutory licence or regulator, the relevant requirements apply.

21. BUSINESS AND ENTREPRENEURSHIP

BIPS prepares learners to become both **employees and job creators**.

Training areas include:

- Business Management
- Entrepreneurship
- Small Business Management
- Sales and Marketing
- Customer Service
- Business Communication
- Financial Literacy
- Business Planning
- Record Keeping
- Digital Business
- Business Start-up Skills
- Leadership and Management

22. INTERNATIONAL LANGUAGES

BIPS recognises the importance of language skills for employment, education and international communication. Language programmes may include:

- English
- French
- German
- Arabic
- Other international languages depending on programme availability

Language training may also support appropriate international employability preparation.

23. PRE-DEPARTURE TRAINING

BIPS provides pre-departure preparation for individuals preparing to travel internationally for appropriate employment or other opportunities.

Training areas include:

- Pre-departure orientation
- Cultural awareness
- Workplace expectations
- Professional conduct

- Communication
- Basic international language preparation
- Travel preparedness
- Personal safety
- Worker responsibilities
- Workplace rules
- Adaptation to new environments
- Financial awareness
- Responsible international mobility

24. ARTISAN AND SHORT COURSES

BIPS provides short and specialised skills programmes for learners who want to acquire specific competencies within a shorter period.

- Hairdressing
- Beauty
- Barbering
- Nail Technology
- ICT
- Hospitality
- Caregiving
- First Aid
- Entrepreneurship
- Driving-related skills
- Languages
- Technical skills
- Pre-departure preparation
- Other specialised vocational skills

25. LEVELS OF TRAINING

Depending on the programme and applicable approvals, BIPS provides training opportunities at different levels, including:

- Artisan
- Certificate
- Diploma
- Short Courses
- Professional Courses
- Specialised Skills Programmes
- Continuing Skills Development

The specific approved level for each programme should be confirmed against the applicable institutional and programme requirements.

26. EXAMINATIONS AND CERTIFICATION

BIPS prepares learners for assessment and certification through the applicable examining and professional bodies associated with their programmes.

The examining body should be identified according to the specific approved programme.

BIPS is committed to helping learners understand examination requirements, prepare effectively and develop the competencies required for successful assessment.

27. PRACTICAL AND INDUSTRY-BASED LEARNING

Practical learning is central to the BIPS training model.

- Practical demonstrations
- Workshops
- Computer laboratory sessions
- Beauty practicals
- Hospitality practicals
- Technical workshops
- Skills projects
- Field exposure
- Industry visits
- Competitions
- Community activities

28. CAREER DEVELOPMENT AND EMPLOYABILITY

BIPS supports learners in preparing for the workplace through:

- Career guidance
- Mentorship
- Interview preparation
- Workplace readiness
- Communication skills
- Professional conduct
- Entrepreneurship
- Industry exposure
- Career planning
- Skills development

Our objective is to help graduates identify pathways toward employment, entrepreneurship or further education.

29. ENTREPRENEURSHIP DEVELOPMENT

BIPS encourages learners to turn their skills into sustainable sources of income.

Potential business areas include:

- Salons and beauty enterprises
- Fashion businesses
- Catering
- Hospitality services
- ICT services
- Driving services
- Plumbing businesses
- Electrical services
- Welding and fabrication
- Automotive services
- Caregiving services
- Retail and other service businesses

30. STUDENT LIFE AND CO-CURRICULAR ACTIVITIES

BIPS recognises the importance of developing the whole student.

- Sports
- Games
- Drama
- Music
- Educational trips
- Competitions
- Team-building activities
- Leadership activities
- Community outreach
- Visits to children's homes
- Social responsibility activities

31. COMMUNITY ENGAGEMENT

BIPS believes that education should positively impact the wider community.

Our community activities may include:

- Children's home visits
- Donation drives
- Community skills awareness
- Student volunteer activities
- Youth empowerment
- Community education
- Skills development initiatives

- Outreach programmes

32. OUR TRAINERS

BIPS is committed to engaging qualified and competent trainers appropriate to the programmes offered. Our trainers are expected to:

- Deliver quality instruction
- Demonstrate practical skills
- Mentor learners
- Promote discipline
- Encourage innovation
- Support learners academically and practically
- Prepare learners for assessment
- Promote professional conduct

33. OUR FACILITIES AND LEARNING ENVIRONMENT

BIPS continues to provide and develop facilities appropriate for practical training.

These include, according to programme requirements:

- Classrooms
- Practical training areas
- ICT/computer facilities
- Beauty training facilities
- Hospitality practical facilities
- Technical workshops
- Learning resources
- Student support facilities

We aim to maintain a safe, supportive and conducive learning environment.

34. STUDENT SUPPORT SERVICES

BIPS supports students through:

- Academic guidance
- Career guidance
- Mentorship
- Trainer support
- Student welfare
- Entrepreneurship guidance
- Professional development
- Skills development

We believe learners perform better when they feel **supported, respected and motivated**.

35. QUALITY ASSURANCE AND CONTINUOUS IMPROVEMENT

BIPS is committed to continuous improvement in:

- Training delivery
- Student support
- Facilities
- Trainer development
- Practical learning
- Industry relevance
- Assessment preparation
- Institutional management

The institution seeks to maintain appropriate standards and comply with applicable TVET regulatory requirements.

37. PARTNERSHIPS AND COLLABORATION

BIPS seeks to establish and strengthen partnerships with:

- Government agencies
- TVET stakeholders
- Examining bodies
- Employers

- Industry partners
- NGOs
- Foundations
- Sponsors
- Development partners
- Community organisations
- Professional organisations
- Employment and recruitment stakeholders

Partnerships can support training, practical exposure, employment, student sponsorship and community development.

38. SPONSORSHIP, SCHOLARSHIP AND COMMUNITY SUPPORT

BIPS welcomes partnerships that expand access to education and skills development.

Potential areas include:

- Student tuition sponsorship
- Bursaries
- Equipment donations
- Skills-development programmes
- Youth empowerment
- Women empowerment
- Technical training support
- Entrepreneurship programmes
- Community training
- Special student support programmes

BIPS can work with sponsors and development partners to establish transparent student-support programmes.

39. OUR GRADUATES AND INSTITUTIONAL COMMITMENT

BIPS aims to produce graduates who are:

- Competent
- Skilled
- Professional
- Disciplined
- Innovative
- Entrepreneurial
- Responsible
- Confident
- Adaptable
- Ready for the workplace

Our commitment is to provide learners with **skills, knowledge, confidence, professional values and practical experience** that can support their next stage of life.

OUR QUALITY PROMISE

Quality Training.

Practical Skills.

Professional Development.

Student Support.

Entrepreneurship.

Employability.

Community Impact.

40. CONCLUSION

Blessing Institute of Professional Studies (BIPS Technical College) is committed to providing practical, accessible and career-oriented education that responds to the changing needs of learners, employers and communities.

Since its establishment in 2014, BIPS has continued to develop its training portfolio and create opportunities for people seeking technical skills, professional development, employment, entrepreneurship and further education.

Our programmes cover **technical trades, ICT, hospitality, health and caregiving, cosmetology and beauty, fashion and design, business and entrepreneurship, driving, international languages, pre-departure preparation, artisan skills and specialised short courses.**

BIPS believes that every learner has potential. Our responsibility is to provide the **training, guidance, practical skills, support and learning environment** that help learners turn that potential into meaningful opportunities.

We remain committed to developing graduates who can contribute positively to their families, workplaces, businesses, communities and the wider economy.
